This audit is part of the exercise of the powers of investigation that the RGD attributes to the control authorities, specifically article 58.1. *b*, which provides that they can carry out investigations in the form of data protection audits. In this second request, the Consortium was warned that, in accordance with the provisions of section 6 of article 20 of Law 32/2010, if the request had not been complied with after the deadline had passed, they could initiate punitive actions.

The deadline granted to communicate the appointment of the DPD to the APDCAT has been exceeded by far, without having received a response.

In accordance with articles 5 and 8 of Law 32/2010, the resolution of the sanctioning procedure corresponds to the director of the Catalan Data Protection Authority.

2. In accordance with article 64.2. f of the LPAC and in accordance with what is indicated in the agreement to initiate this procedure, this resolution should be issued without a previous resolution proposal, given that the imputed entity has not formulated allegations to the initiation agreement. This agreement contained a precise statement of the imputed liability.

3. In relation to the facts described in the section on proven facts, relative to the obligation to notify the Catalan Data Protection Authority of the appointment of a data protection officer, it is necessary to refer to article 37.7 of the RGPD and article 34.4 of the LOPDGDD, d according to which the entities included in the scope of action of the APDCAT legally obliged to designate a DPD must communicate this designation to the Catalan Data Protection Authority.

During the processing of this procedure, the fact described in the proven facts section, which constitutes the offense provided for in article 83.4, has been duly proven. a of the RGPD, which typifies as such the violation of " *the obligations of the responsible and of the manager pursuant to articles 8, 11, 25 to 39, 42 and 43.* ", among which there is the provision in Article 37.7 of the RGPD.

In turn, this conduct has been included as a minor infraction in article 74. p of the LOPDGDD:

"The rest of the purely formal violations of the articles mentioned in paragraphs 4 and 5 of article 83 of Regulation (EU) 2016/679 and, in particular, the following are considered minor and prescribed for the year:) Not to publish the contact details of the data protection delegate, or not to communicate them to the data protection authority, when their appointment is required in accordance with article 37 of Regulation (EU) 2016/679 and article 34 of this Organic Law."

The resolution must be notified to the person in charge or in charge of the treatment, to the body to which it depends hierarchically, if applicable, and to those affected who have the status of interested party, if applicable."

In terms similar to the LOPDGDD, article 21.2 of Law 32/2010 , determines the following:
