"

In accordance with the above, Article 16.1 of Law 32/2010, of the Catalan Data Protection Authority, provides as follows:

4.- Having set out the applicable regulatory framework, it is then appropriate to analyze whether the DGP resolved and notify, within the period provided for in the applicable regulations, the right of suppression exercised by the claimant, as precisely the reason for the complaint of the person initiating the present procedure for the protection of rights was the fact of not having received a response within the time limit provided for this purpose.

With regard to the alleged disregard of the right that is the subject of the claim, it is proven, in accordance with what is stated in the 3rd antecedent of this resolution, that on 19/10/2021, the person claiming here presented in the entry register of the DGP a writ through which he exercised the right of suppression.

In the case at hand here, in accordance with article 20.4 of LO 7/2021, the DGP had to resolve and notify within a maximum period of one month from the date of receipt of the application. of suppression filed by the claimant. In relation to the question of the deadline, it should be borne in mind that in accordance with Article 21.3 b) of Law 39/2015, of 1 October, on the common administrative procedure of public administrations (hereinafter, LPAC) and article 41.7 of Law 26/2010, of 3 August, on the legal and procedural regime of the public administrations of Catalonia (hereinafter, LRJPCat), on the one hand, the calculation of the maximum term in initiated proceedings at the request of a party (as is the case) it starts from the date on which the application was entered in the register of the competent body for processing. And on the other hand, that the maximum term is to resolve and notify (art. 21 LPAC), so that before the end of this period the resolution must have been notified, or at least the duly accredited notification attempt (art. 40.4 LPAC).

In accordance with the above, it has been established that although the complainant submitted the application for the exercise of the right to delete data before the DGP on 19/10/2021, the DGP issued the estimated resolution of your request on 01/03/2022, that is, when it had already been far exceeded the resolution period of one month provided for this purpose. That being the case, it is appropriate to conclude that the DGP untimely resolved the request of the person claiming here.

With regard to the merits of the request for the deletion of personal data contained in the SIP PF file, the DGP has certified that it has agreed to the deletion of such data in the terms requested by the claimant, as follows from the resolution of 01/03/2022 , that the DGP has contributed to this Authority.

5.- In the last, although the DGP has proven to have issued the estimated resolution dated 01/03/2022, relating to the request for deletion made by the claimant, there is no documentary evidence that this resolution has been notified to him, for which reason it is considered appropriate to require the DGP to certify that within 10 days from the day after

the notification of this resolution, the resolution issued on 01/03 / 2022 , estimating the right of suppression, has been effectively notified to the claimant.

For all this, I RESOLVE:
